Review my Romance Novel for FREE

[For a limited time only] I am providing a free PDF copy (optimized for onscreen viewing) of my romance novel, Amnesia. The catch? I am asking everyone who downloads the book to please provide an honest review on Amazon and or GoodReads in exchange.

Amnesia received a 5 star review from Readers Favourite with the reviewer stating "Ironically, Amnesia is unforgettable". I hope you feel the same and I look forward to reading your reviews.
